

# DC-CLICK

## **DC.CLICK** QUICK RELEASE TILT HEAD FOR MONITOR CAGES

With universal Quick-Release plate for most monitor cages.

DwarfConnection's DC.CLICK tilt head for Director's monitor cages is a simple and sturdy mounting solution made in Austria, using only the best materials. It is entirely machined out of 7075 aluminium.

Consisting of a tripod head and the universal quick release plate, DC.CLICK fits most monitor cage solution on the market and is a perfect match to our DC.GO cage.

It features easy snap in and release, predefined hard stops and adjustable friction guarantees reliable holding force on any 16mm C-Stand pin or 3/8" screw pin.

## **SPRING LOADED LOCKING PIN**

You can easily tilt the DC.CLICK and lock it into place with the spring loaded locking pin mechanism.
