Description

This tripodBag Lite is allows you to safely transport your tripod with fluid head, with a maximum length of 86 cm / 33.9 inch, in the most convenient way possible.

This bag is made of 1000 denier black Cordura[®] fabric and bright blue detailing. The shape and thick padding allow great flexibility in the bag.

Straps and padded velour cushions with hook and loop fasteners keep the tripod safely in place. An easy locator icon points to which side the fluid head should be placed.

Due to the construction of the bag it's very lightweight and easy to carry. The padded suede shoulder strap adds to the comfort.

On the side of the bag another zippered pocket is located including a small transparent pocket for identification of your bag and/or contents.
