Description

The camRade wetsuit RED DSMC2 gives perfect coverage to all DSMC2 brains from RED Digital Cinema. No matter the sensor you prefer; DRAGON-X, GEMINI, HELIUM or MONSTRO, they all fit this rain cover.

The basic expanders and accessories can be used and will be protected by this rain cover made of a supple water-resistant fabric with soft lining that reduces unwanted sound effects during operation.

This cover offers room for the monitor on top of the camera to be flipped open during operation, and also covers the viewfinder. It has clear vinyl windows for maximum visibility when adjusting the menu, audio input select level and other controls.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storage and transportation of the cover when not in active use.
