camRade rainCover for RED

CAMRADE

Name: camRade rainCover for RED
SKU: CAM-RAINCVR-RED
EAN-13: 8718591673337

Short description

Universal protection cover for most RED Digital Cinema cameras, V-RAPTOR / RAVEN / WEAPON / GEMINI / EPIC / SCARLET and other DSMC2 models. Includes a water-resistant storage pouch.

Long description

Protect your RED camera setup against inclement weather with the camRade rainCover for RED. It is an absolute must have that will prevent water damage to your most valuable piece of equipment. With this rain cover, you can now protect your equipment from the elements without sacrificing your shot.

Through years of experience and working closely with the film industry, camRade has improved their designs to perfect solutions for multiple applications. The rainCover for RED is suitable for handheld camera work but is also great while your camera is attached on a tripod, slider, tack system, JIB or any other camera support solution.

Durable and functional design

Always carry the camRade rainCover for RED with you so you do not get caught out when the weather turns. The cover is supplied in a waterproof zippered pouch, which you can use to store and transport the cover. It is easy to attach and detach the cover, thanks to the convenient design. Leave the bottom open for easy access or close it with the double straps if the wind plays tricks. The blue sliding rail makes it possible to bring the buckles to the desired position when the camera is mounted on a tripod.

Clamps around the lens hood

Thanks to its 34 cm (13,4") rubber strip, the rainCover fits correctly on most lenses. The strap supplied with a hook-and-loop fastener makes it possible to tighten the cover on the lens but still lets you operate the lens, due to its spacious design. The supplied zippered lensC M extension, covers and protects longer lenses. For longer lenses camRade is offering an additional camRade rainCover Extension Kit (SKU: CAM-RAINCVR-KIT).

Includes an unique battery extension

The rainCover for RED includes a battery extension cover that offers the possibility to extend the camera up to 20cm (7,9") at the back. This add-on makes it possible to protect larger batteries, transmitters, or other accessories from the rain.

CAMRADE

Easy access to what is important

A vertical hook-and-loop fastener on the top of the cover gives you the option to use a top handle or other top-mounted accessories. Several transparent windows allowing you to see the setting and operate the controls of the camera.

The transparent window on top of the cover, allows you to have a clear view of the camera's monitor. This flap was designed on the dimensions of the RED DSMC2 TOUCH 7.0" monitor, but also covers the smaller 4.7" and 5" models from RED too. It also fits the TVLogic VFM-056, VFM-058WP, VFM-055A and F-5A monitors and a selection of Atomos and SmallHD products.

On the left side of the cover, a special compartment is provided that protects a small viewfinder such as the RED BOMB EVF, the DSMC2 RED EVF or a third party VF like the Zacuto Gratical Eye / Kameleon or the PortKeys OEYE.

camRade rainCover for RED

CAMRADE

Why camRade?

camRade was established in 1998 and has an extensive track record of protecting broadcast and film cameras. Since the start of camRade, the team of people behind the brand have continued to work closely with several audio and camera operators, broadcasters, and rental companies. Today we can say that we are the recognised world leader in camera protection.

Why do I need a camRade rainCover?

Imagine how you would feel if your camera stopped working. A camera with water damage could be considered a total loss if the repair costs are too high. What if you could have prevented this by using a camRade rainCover? Your camera is often your most valuable piece of equipment while gathering news or during field productions. The durability and unique features of the rainCover for RED will protect your investment in a way that plastic bags and other cheap covers cannot.

Highlights / Unique Selling Points

Attach or detach the cover in seconds, whether used handheld or on a support plate.

Rubber strip on the front of the cover ensures seamless closure.

Spacious interior to hold the camera including rig, cage and/or top handle.

The clear vinyl window allows for easy viewing the top monitor.

Bring the buckles in the desired position with the blue sliding rail.

The option to expand with longer lenses thanks to the camRade lensC support.
